Dear Mrs. Lindquist,

It was a wonderful meeting
just this year, both as an
excellent Chemistry teacher
and a sincere person. Meeting
you here has done more for

Not history, but a recollection — casual,
informal, a little sentimental — the way
life happens, the way you'll want to re-
member. . . .

Dear Mrs. Lingard
 All through Chem. in high school
 I did a thousand deaths,
 but you have made the
 course seem like something
 entirely different. I don't
 see how you can have the
 patience but it certainly
 has been wonderful.
 See you in the new lab next
 year
 Ann Hastings

Probably our cleverest official act as the Class
 of '55 was to elect the advisor we did. She
 liked us and we liked her — it was an outstand-
 ing success from the very first. In recognition
 of this happy and affectionate relationship we
 would like to dedicate this year's *Lamp* to Miss
 Lydia I. Solimine.

Tireless world traveler, impresario of her
 own radio program, talented linguist, inspired
 and understanding teacher, Miss Solimine is
 a person of boundless energy and intelligent
 enthusiasms. We are grateful that she was
 able to share so much of her time with the
 Class of 1955.

No matter what the future holds for each of you, your years at Lasell will always remain a very special period in your lives. And as the visible record of those happy years, your yearbook is a very special souvenir. Best of all, it will never grow old. Year by year the scenes and faces enshrined in these pages will become more and more precious to you as the time lengthens that separates you from them. It gives me a double pleasure, then, to extend my sincere best wishes to you all — both now and for the future.

One of the nicest people I have
 ever had the pleasure of meeting,
 and having as a teacher and
 good friend. Chemistry is not
 one of my favorite subjects, to
 say the least, but I enjoyed it
 immensely with you this year;
 one can enjoy any subject -
 it depends upon the instructor.
 95% ++! When I have been
 away a short while, I will think
 back and remember Mrs. H. with
 a grin on my face and probably
 will wish I were back. She
 certainly writes to you from
 Germany (HEH-HEH) very soon.

Thank you for being the
 nicest person you are, Mrs. H.,
 very truly yours!

Coming out of Woodland on a bright
Fall day.

"Wonder what she sees in him. . . ."

Until we've had River Day it really isn't Spring. Against this lovely background Lasell's annual war-canoe races still keep alive an old Charles River tradition dating from the last century.

While thousands cheer! . . . well, hundreds, anyway.

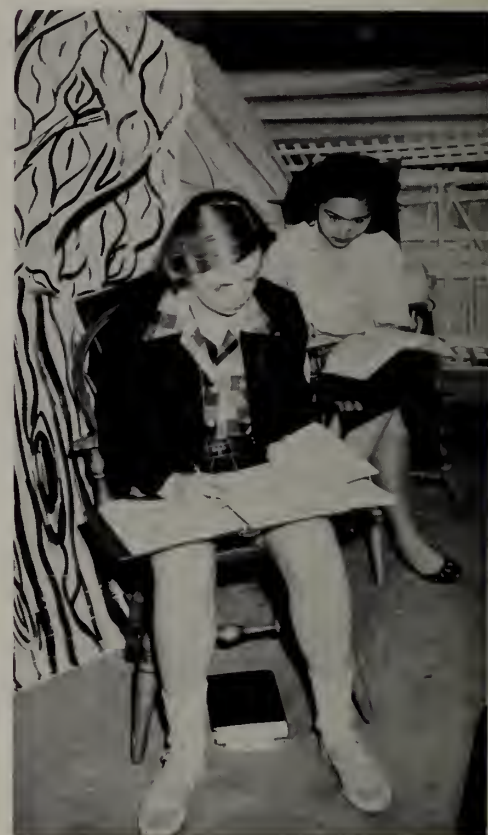

And the Modern Dance Club supplies comic relief.

Our class saw the first Book Fair (with Mrs. Alice Dixon Bond as guest of honor).

Part of *Michele's* cast in violent action behind the scenes.

Jane Harding edited our *News*, and did a marvellous job of it.

And the best musical comedy (we thought) — *Michele*.

In the Spring a Lasell girl's fancy generally turns to thoughts of College Week in Bermuda — complete with surrey rides (above), endless blue sea and warm sun (left), and Princeton undergraduates (not shown).

Best-loved personality in Lasell's long history of choral music is Mr. George Sawyer Dunham, shown here on Commencement Day, having his pages turned for him by Miss Beede, whose middle name is sometimes misspelled "Orphean."

Lasell Night at the "Pops" — Mr. and Mrs. Dunham smile
for the *Lamp* cameraman from their table in Symphony Hall.

Mrs. Leland, Mr.
Schwab, and Miss
Beede.

Why was it that Assembly always seemed to start before we'd read half our mail?

On River Day even the faculty relaxes.

We came to love the campus in any season — (LEFT) the walk to Haskell Pond in the Fall, and (BELOW) Bragdon high on its hill one grey day in November.

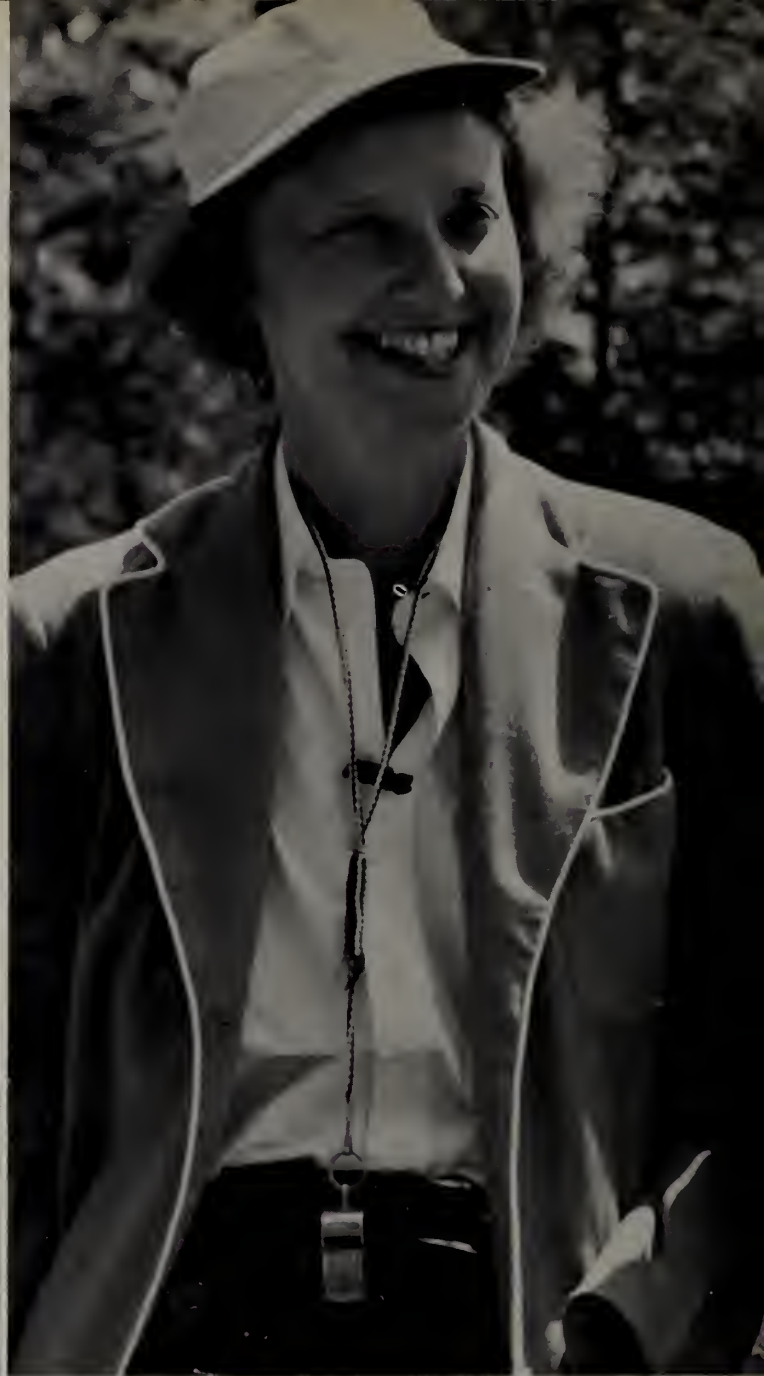

This was our freshman crew, and they out-paddled everything in sight last River Day.

Even the faculty won their race — in spite of the hats.

Mrs. Lindquist:
I have really enjoyed being in your chem. class. Although I've complained about our 3 hour lab and our many tests, I can honestly say they've added to the enjoyment of my freshman year. You have been so great a teacher - I don't know how you can have so much patience and understanding. I can't wait to see the happiness in the world.

Love,
Lillian Bernson

Mrs. Lindquist,
It has truly been a wonderful year at Lowell and Chemistry was a highlight. Thank you so much for a wonderful course - When I am a M.D. Tech (maybe) I will think of you.

Mrs. Lindquist:

This has been a most enjoyable year, although it has passed much too quickly.

I shall never forget the wonderful training I received in your class. Thank you for everything.
Sandra Lavigne

Mrs. Lindquist,
I have been just wonderful being in your class this year. You have been one of the greatest teachers I have ever had. I shall never forget H₂O and all the rest. Maybe someday I'll be a chemist? All the best & luck in your future years at Lowell.
